

# ADULT SWIM DEVELOPER SEARCH

## THIS DESK COULD BE **YOURS!**

Complete the Web Developer Test Below

```
(function(){
```

```
<h1>Adult Swim Web Developer Test</h1>
```

```
<h2>Qualify to click the button to apply for our new web developer  
position</h2>
```

1. When turning on your computer how many mouse clicks does it take you to open your preferred code editor?

2. Write a 50 word-max essay on the insanity that is JavaScript development.

I mean it's okay, but I miss having errors that were caught, y'know, \*before\* runtime.

3. When does true equal false?

- ☐ Never
- ☐ With an assignment operator
- ☒ Get outta here with that shit

4. Which tag should totally be an html element?

- ☐ <legs></legs>
- ☐ <sadness></sadness>
- ☒ <meaninglessworduseitlikeadiv></meaninglessworduseitlikeadiv>

5. If given the order to use Drupal, do you:

- ☐ Do it
- ☒ Quit your job

6. What would you rather be doing right now?

Eating

7. Do you use Dreamweaver?

- ☒ No

8. Complete this line of code:

var love = undefined

9. Who is least important?

- ☐ Developers
- ☐ Designers
- ☐ Project Managers
- ☒ Executives

10. How many failed startups have you worked at?

- ☐ 0

☐ 1☒ 2☐ My life is a failed startup

11. Explain prototypal/differential inheritance and the theoretical memory consumption when using extremely large datasets

Hahahahaha. I miss Space Ghost.

Your Name

jason
