this certificate issued by the president of the united states

Abraham Lincon

hereby proves and certifies that

jden

(affix name here)

is a certified, proven, real programmer on and after

July 17, 2015

and is qualified to write some programs for you
assuming fair compensation, good working conditions, and not-totally-immoral projects

and furthermore that the aforementioned real programmer
is licensed and bonded in the state of california

to vote in municipal elections, to participate in public gatherings and manifestations
of speech, and to operate electronic devices of varying sorts

this line is in comic sans for no reason
